

We hope our PYP students are enjoying their summers!

Over these next several weeks we encourage all families to support their children in maintaining their academic endurance. Suggestions include reading age appropriate books (at least one per week), logging into IXL (at least 10 minutes per day or 30 minutes per week) and using the online programs used in the classrooms throughout the school year.

New Students - IXL account will be given upon the first few weeks of school. Not required.

Happy Summer all!
